

# Voyager™

Mobile Resin Coating Unit

- Mobile
- Low Construction Cost
- Short Manufacturing Time
- Low Operational Cost
- Small Footprint
- Advanced Chemistries
  - (Proppant Flowback Control)
  - (Formation Water Reduction)
  - (Enhanced Oil Production)
- Operational Efficiencies
  - (Continuous Heating)
  - (No Cooling Required)

VERSUS

# Traditional

Coating Plant

- Stationary
- High Construction Cost
- Long Manufacturing Time
- High Operational Cost
- Large Footprint
- Traditional Chemistries
  - (Flowback Control Only)
- Standard Operation
  - (Batch Heating)
  - (Cooling Required)
